Introducing
Our Project

A STUDENT FORUM

Motivation

This project is a part of our CSE 250 Project Work 2. The main motivation was behind the project to create a very own STUDENT FORUM where only students of SUST can participate and collaborate. Basically this project is one kind of a mixture of reddit and stackoverflow. Here people can share their knowledge and help each other when necessary.

Technologies Used

- HTML
- CSS
- JS
- EJS
- NodeJs
- ExpressJs
- MongoDB
- GoogleAPI

Implemented Feature

1 - Registration and Authentication
